*NOTE: Only ENERGY STAR qualified clothes washers meeting these criteria will be eligible for the Texas Appliance Mail-In Rebate Program. Please **check with your retailer before purchasing an ENERGY STAR clothes washer** as the rebate program criteria may be more efficient than the current ENERGY STAR criteria (through December 31, 2010).

** NOTE: As of Sept. 1, 2010, qualifying ENERGY STAR criteria for high-efficiency gas storage water heaters was upgraded; appliances must meet this current standard to be eligible.
